

**Questionnaire for Magnetic Resonance Imaging Studies**

Name: .....

First Name: .....

Weight: .....

Magnetic Resonance Imaging (MRI) uses a strong magnetic field which can interfere with metallic objects and electronic devices. It is therefore important to NOT bring metallic objects into the scanner area. Electronically controlled devices or chip cards (e.g. credit cards) can be damaged or destroyed.

Please answer the following questions by placing a mark. Please do not hesitate to ask your technologist if you have any questions and confirm that you have read and understood all questions by signing this form.

- **Do you have any of the following, mentioned object on or inside your body?**

	<b>Yes</b>	<b>No</b>
Cardiac peacemaker	<input type="checkbox"/>	<input type="checkbox"/>
Defibrillator	<input type="checkbox"/>	<input type="checkbox"/>
Neurostimulator	<input type="checkbox"/>	<input type="checkbox"/>
Insulin pump	<input type="checkbox"/>	<input type="checkbox"/>
Dosage device for medication	<input type="checkbox"/>	<input type="checkbox"/>
Hearing device	<input type="checkbox"/>	<input type="checkbox"/>
Removable dental prosthesis	<input type="checkbox"/>	<input type="checkbox"/>

- **Did you ever had a gun shot injury or other accidental metallic implants?**  **Yes**  **No**

***Additional questions for women:***

- **Is it possible that you could be pregnant**  **Yes**  **No**  
(If yes, what month?)

**Attention!**

**Before you enter the examination room you have to remove: Watches, adornments, purse or wallet plus coins, hearing devices, glasses, credit cards, dental prosthesis, hairpins or hairpieces.**

**Credit card and respectively card with magnetic strips will be erased. For further details please ask the MRI personnel.**

**I fully understand the information above and have answered all questions completely.**
